

eZee NextGen Service Pack-6.1.191.XXX

Release Date: 17th May, 2017

A quick guide on how to install Service Pack

1. Take the latest backup of the database from server machine.
2. Close all eZee applications before executing the Service Pack.
3. Execute Service Pack on server machine first if the software is installed in a client – server environment.
4. Repeat the same process on all client terminals where eZee software is installed.

EZEE BURRP! - ENHANCEMENTS

POS-4036

Description: We have made an enhancement that now if we are performing the operation "Proforma to banquet booking" in order to make it as reserved, we have kept the setting "Print Invoice on Proforma to Confirm Booking" in the configuration which decides that we need print or not when performing the same.

POS-4631

Description: We have added the user privileges like "Can view computer stock for physical stock taking list", "Can view computer stock" to hide/show Computer Stock, Inventory Consumption, Wastage, Inventory Adjustment.

POS-4109

Description: We have made an enhancement in the loyalty template item validity status as after the N number of days it was showing as “NOT USED”. But now, the status will be displayed as “EXPIRED” after N days of inactive time.

Screenshot:

The screenshot displays the 'Add/Edit Card Transaction' window. The 'Card Transaction Information' section includes fields for Card Number (800), Card Template (Enrollment Card), Is Supplement Card (checked), Primary Card No., Issue Date (27-04-2017), Activation Date (25-04-2017), Expiry Date (24-04-2018), and Enroll. Fees (0.00). The 'Card Transaction Summary' tab is active, showing three summary tables: Point Summary, Balance Summary, and Other Summary. The 'Item Summary' table lists a transaction for 'Pizza Boxes' on '25-04-2017' with a quantity of 1.00, amount of 0.00, and status 'Not Used'. A red box highlights the 'Validity' column, which shows 'Expired'.

Point Summary		Balance Summary		Other Summary	
Credit	0.00	Credit	100.00	Last Blocked	Not Blocked
Debit	0.00	Debit	0.00	Deactivated On	25-04-2017
Balance	0.00	Balance	100.00	Credit Limit	Not Allowed

Date	Qty.	Item Name	Transaction Type	Amount	Status	Validity
25-04-2017	1.00	Pizza Boxes	Item on First Purchase	0.00	Not Used	Expired

Current Status: Active

Buttons: Save, Close

POS-4397

Description: We have made an enhancement that now we can enter multiple contact numbers for a guest if the “unique records in guest database” option is selected with specific criteria.
