- 2. Close all eZee applications before executing the Service Pack.**
- 3. Execute Service Pack on server machine first if the software is installed in a client – server environment.**
- 4. Repeat the same process on all client terminals where eZee software is installed.**

EZEE BURRP! - ENHANCEMENTS

POS-4686: We have added the PMS post filed on Daily sales-Details & Summary Report.

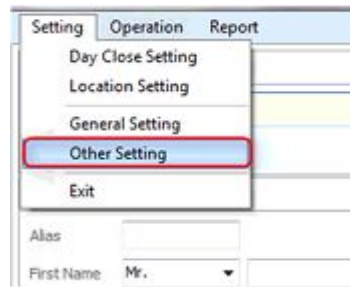

POS-4556: We have added the Data-filter option ('From Date' to 'To Date') for Receipt vs KOT report for clearer reports and easier tracking of the transactions.

POS-4496: We have updated eZee Call Centre with the Export/Import feature from Call Centre to location.

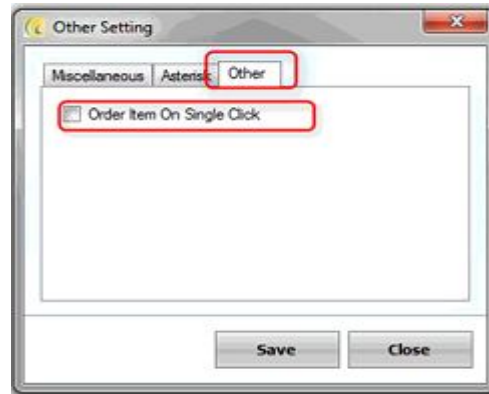

2

POS-4491: We have enhanced eZee Call Centre in such a way that now we can punch menu items with a single click.
